Our Baby Fish

Returns are being reported

Our tagged fish are being reported in the area.

- So far in 2013, 10 tagged Coffman Cove Chinooks have been caught and reported.
- In 2012, 42 tagged Coffman Cove Chinooks were caught and reported.

The reported fish are from brood years 2008 and 2009. What does this mean? We should start seeing some decent return this year. We will post some instructions at the harbor on how to recognize and report a tagged fish.

POW Borough Study

The final draft has been published

You can view the final draft of the Prince of Wales Island Borough Study on the City website: ccalaska.com.

The final document outlines the different borough structures, functions and financial obligations of a borough. If the communities on POW decided to form a borough, there are a vast number of decisions that need to be made in regards to the structure.

A subcommittee of the POWCAC membership, including myself, will condense the document down into a few pages to take back to our communities. As it sits, the study is not an "easy read." Each community will need to decide whether Borough formation is in the best interest of the Island.

I will try to keep everyone up to date on this subject. You should plan on attending city council and POWCAC meetings to stay educated and make your voice heard.

You can always visit me at City Hall with questions.

Fourth of July

We need Volunteers!

There are volunteer sheets at the Riggins Shack and Rain Country. Please sign up to help with the festivities this year.

When we have enough volunteers signed up, we will organize a planning meeting.

MORE WAYS TO CUSTOMIZE THIS TEMPLATE

FOOTERS

To change the text at the very bottom of each page of your newsletter, click Headers and Footers on the View menu. Use the Header and Footer toolbar to open the footer, and replace the sample text with your own text.

INSERT SYMBOL

It is a good idea to place a small symbol at the end of each article to let the reader know that the article is finished and will not continue onto another page. Position your cursor at the end of the article, click Symbol on the Insert menu, choose the symbol you want, and then click Insert.

BORDERS

You can use page borders and text box borders to change the appearance of your newsletter. Borders on text boxes help keep different articles separate, and can set off sidebar articles from the rest of the page. To change a text box border, select it, double click its edge and choose the Colors and Lines tab in the Format Auto Shape dialog box.

QUESTIONS AND ANSWERS

Q: I would like to change some of the text box shading to improve the print quality. Can that be done?

A: Yes. To change the shading or color of a text box, select it and double click its borders to open the Format Text Box dialog box. Click the colors and lines tab and then choose the new color from the Color drop-down list in the Fill section.

Q: What's the best way to print this newsletter?

A: Print page 2 on the back of page 1. Fold in half and mail with or without an envelope. For best results, use a medium to heavyweight paper. If you're mailing without an envelope, seal with a label.

Q: I would like to use my own clip art. How do I change the art without changing the design?

A: To change a picture, click on the picture, then point to Picture on the Insert menu and click From File. Choose a new picture, and click Insert.

Inserting and Editing Pictures

Type your sub-heading here

You can replace the pictures in this template with your company's art. Select the picture you want to replace, point to Picture in the Insert menu, and click From File. Choose a new picture and then click Insert. Select the Link to File box if you don't want to embed the art in the newsletter. This is a good idea if you need to minimize your file size; embedding a picture adds significantly to the size of the file.

To edit a picture, click on it to activate the Picture toolbar. You can use this toolbar to adjust brightness and contrast,

Choose a new picture, and click the Link to File box if you don't want to save the art with the newsletter.

change line properties and crop the image. For more detailed editing, double-click on the graphic to activate the drawing layer. ■

Q: How do I change the text and borders that appear at the bottom of every page?

A: Click Headers and Footers on the View menu. Use the Header and Footer toolbar to navigate among headers and footers, insert date or time, or format the page numbers. To change the text in the footer, select it and type your new text. To change the border, click Borders and Shading on the Format menu.

Q: Can I save a customized newsletter as a template for future editions?

A: Yes. First make any changes you want to this newsletter, then click Save As on the File menu. Choose Document Template from the Save as type drop down list (the extension should change from .doc to .dot). Save the file under a new name. Next time you want to create a newsletter, choose New from the File menu, then choose your template.
