Report to Council
Coffman Cove Community Library

Library News

Dawn has reorganized the movie section and has done a fantastic job.

Dawn has also been able to help fill in with the Early Lit Program while Joell has been out of town. Thank you Dawn.

Bill Fitzpatrick was able to fix some of our lighting in the library which has helped out a lot.

I heard from Bill Fitzpatrick today. He is putting up the new Library sign where the old one was by the teacher housing. Thank you Bill.

Deedee has been keeping up with the book orders as they come in. Thank you Deedee.

We have also been involved with the Inner Library Loan program with the Anchorage Library. It is always nice to be able to offer different options for our patrons. This past month we were able to order audio books for one of our patrons who has to spend much of her day driving.
